EDUCATION

• CREED, Universiteit van Amsterdam <i>Ph.D. Candidate Economics</i>	Amsterdam, Netherlands 2026 – Present
• Tinbergen Institute <i>M.Phil Economics</i>	Amsterdam, Netherlands 2024 – 2026
• Rijksuniversiteit Groningen <i>B.Sc Psychology, cum laude</i>	Groningen, Netherlands 2020 – 2023
• Australian National University <i>Exchange Semester — Mathematics, Programming, Behavioural Economics</i>	Canberra, Australia 2022
• Honours College — Rijksuniversiteit Groningen <i>Political Philosophy and Data Science</i>	Groningen, Netherlands 2021 – 2023

RESEARCH EXPERIENCE

• Research Assistant — Joel van der Weele <i>Universiteit van Amsterdam</i>	Amsterdam, NL 09/2025 – 08/2026
◦ Behavioral Experiment: Designed, coded and analyzed behavioral experiment on Biases and Heuristics	
◦ Expert Survey: Prepared a survey about Economic Reasoning of Inequality Experts	
◦ Meta-Analysis: Conducted a meta-analysis on the Effectiveness of Carbon Labeling	
• Research Assistant — Bas van der Klaauw and Simon ter Meulen <i>Tinbergen Institute</i>	Amsterdam, NL 05/2025 – 01/2026
◦ RDD Simulations: Simulated bunching behavior in regression discontinuity designs	
◦ MLE Estimation: Recovered counterfactual distributions using maximum likelihood estimation	
◦ Outcome Analysis: Linked forcing variables to long-run outcome measures	
• Economic Data Analyst — Health & Social Policy <i>SEO Economisch Onderzoek</i>	Amsterdam, NL 07/2025 – 10/2025
◦ Policy Evaluation: Evaluated the impact of the supermarket tobacco sales ban in the Netherlands	
◦ Data Integration: Combined CBS health survey data with geographic access measures	
◦ Policy Impact Estimation: Estimated effects on smoking prevalence using administrative data	
• Research Apprentice Group — Ulrike Malmendier <i>UC Berkeley</i>	Berkeley, US 08/2023 – 06/2024
◦ NLP Pipeline: Incorporated NLP methods to extract CEO personality traits from interview data	
◦ Layoff Analysis: Linked CEO personality measures to firm-level layoff decisions	
◦ Data Analysis: Analyzed large-scale MSA-level employment data	

TEACHING

• Econometrics II — Causal Inference <i>Teaching Assistant</i>	Tinbergen Institute 01/2026 – 03/2026
◦ Tutorial Teaching: Led tutorials reviewing lecture material and graded problem sets	

SKILLS

- **Programming**
Python, R, Stata, LaTeX, Excel
- **Methods**
Regressions, DID, RDD, MLE
- **Languages**
German (Native), Polish (Native), English (Professional), Dutch (Conversational)

PUBLICATIONS

van den Bosch, K. A., Fitzpatrick, D. W., Lühr, T. C., Orlik, N. B., & Sarampalis, A. (2023). Creating a common language for soundscape research: Translation and validation of Dutch soundscape attributes. *Applied Acoustics*, 212, 109545.

SCHOLARSHIPS

Tinbergen Institute Scholarship (2024–2026)
Groningen University Fund (2022)
Marco Polo Grant (2022)
